when you're having fun...

THE Newsletter
001

June / July 2010

That's what they say and given that it has been six months since our last newsletter - what an incredible first half of 2010 it has been!

Overall we have had some significant updates and definitely some wonderful accomplishments that we're certainly very proud of. As we grow from strength to strength on an operational

scale, our expansion plans are far from slowing down and we'll keep you posted on these over our upcoming issues.

In the meantime, sit back and relax and let us share with you some of the ins and out of all latest news at PSG...

LEED Silver Award

An outstanding achievement for PSG in the environmental design sector is that one of our projects - Boomarang Bistro & Bar - is the first F&B outlet in Asia to be awarded the prestigious LEED® (Leadership in Energy and Environmental Design) Silver award.

Boomarang is already considered one of Singapore's favourite Aussie restaurants and we have put our 'green' stamp of approval on it by reducing energy, lighting, and water use as well as the use of environmentally friendly building materials.

Boomarang Vietnam

Since we're on the topic of Boomarang, it is our great pleasure to announce that we are currently working on the second opening of Boomarang in Vietnam at Ho Chi Minh's hottest new development The Crescent in District 7.

Slated to open in early July, Boomarang will be offering their signature Australian-styled cuisine alongside enough televised sports broadcasts to keep every fan under the sun happy.

Welcome

Facility Management Director

ROBERT WOOD

The Middle East Office welcomes new Facility Management Director, Robert Wood who joined us in May. Rob's extensive experience and expertise in the field of Facility Management will no doubt be a huge asset for us especially in becoming a global leader in this industry sector. Congratulations and welcome on-board Rob!

Farewell

As one team member joins us another one departs, and it was a sad day for us all when Facility Management Director, Harold Ainsworth left PSG last month to go on a well-deserved indefinite vacation (??). Harold your hard work and commitment to PSG has not gone unnoticed and we thank you for all your efforts. Wishing you all the best for the future...
