

# Newsletter

First Issue 01

[January, 2010](#)

## Greetings !!!

This is the first issue of our newsletter with the new logo, officially launched a month after our 5<sup>th</sup> Year Anniversary. Another year is about to go by and we have quite a lot of accomplishments to feature. Aside from our expansion to the Middle East where we have been awarded numerous projects, PSG has seen a potential market in Vietnam which everyone is totally excited about. PSG was awarded a number of projects just late this year and we are expecting a lot more to come. Because of our positive outlook and persistence in providing our clients the best service, we have survived the effects of last year's worldwide financial crisis. Congratulations to each and everyone of us. CHEERS!!!

PSG Singapore Annual Christmas Lunch. Held on December 14, 2009 at Boomarang Bar and Bistro

## PSG Shanghai

This picture was taken during Mike's visit to our Shanghai Office. With newly appointed country manager, Cai Guo Ming and the rest of the PSG Shanghai Team. CHEERS!!!

## Christmas Celebrations in Australia

Australian staff celebrated the Christmas Season and the close of another busy year with dinner with their partners in both Sydney and in Perth. With good food, good wine and good company the nights were filled with plenty of banter and laughter.

## PSG Vietnam

Our new office in Ho Chi Minh City officially opened its doors on the first week of November, 2009. It features our new PSG logo and demonstrates how recycled materials can be used and applied to finishes. We are all looking forward to a promising business future in this region.

## Abbott Vietnam

PSG was awarded a "Design and Build" contract for 3 floors for Abbott Laboratories, a very well renowned multinational pharmaceutical company.

## PSG Bahrain

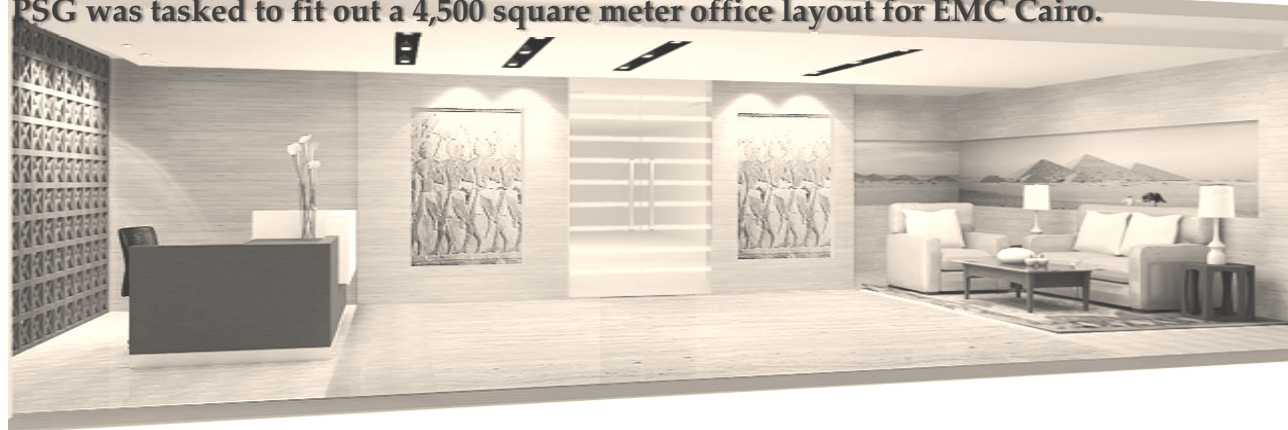

Our new office in the Middle East located at Unit 202, Salahuddin Center, Manama, Bahrain opened last August 2009.

Headed by David Smith, operations in the entire Middle East region are closely handled by Nigel Gimbert together with Francis Ponce and Arnil Ciervo.

## EMC Cairo Egypt

PSG was tasked to fit out a 4,500 square meter office layout for EMC Cairo.

## SERVCORP

One of our most loyal clients Servcorp has given us approval on most of their projects in the Middle East. Servcorp Jeddah, K.S.A. for example was completed September last year and so was Servcorp Kuwait which is in its finishing stage.

Meanwhile, Hong Kong offices are also being completed simultaneously with more offices planned for the greater parts of Asia.

Thanks to our hardworking and focused manpower, we have earned the trust and confidence of Servcorp.

## PSG Manila Christmas Party

One of the most awaited celebrations of the year for the Philippine Design Team. Headed by newly assigned Design Manager for Asia, Tonette Pascual, the Christmas Party of PSG Manila was full of fun and laughter. This was a great way to leave out the stress experienced by this group brought about the calamities that hit this region.

---
